

"Don't ask what your country did for you, but ask what you did for your country" - D. Kennedy wrote.

It's true because exactly people of a country form and create it.

Because exactly they ~~know~~ to it.

Famous and create its history. In my

opinion, every person should to do his gr

best to improve his country because

they are only ones who can do it. †

A great example of such a position is Zoya Kosmodemyanskay.

During The World's War II she went

to Germany village and burn it. As

we all know, afterwards she was killed

by German. She was trying to help

our country for all her life and, finally,

she said it's proud to die for your

country.

<sup>Another</sup> The other instance <sup>example</sup> is Zorge.

He lived in Germany but worked for Russia. In fact, exactly he is the first person who said Stalin that Germany was going to announce the war. He risked himself and at all tied for Russia.

In conclusion, I want to say people who try did a lot for their country are the best what we have. And till we have such people we can be calm about our future.

## Music in my life

Role of music in my life is very big. I like listen<sup>ing to</sup> music every day and enjoy it. I like many kinds of music but the best is author songs. I ~~like~~<sup>don't</sup> listen<sup>to</sup> classical music because it's very boring. School music lessons ~~at school~~<sup>are</sup> is very nice. We sing, listen<sup>to</sup> music, write<sup>about</sup> composers in our notebooks. I think school music lessons ~~are~~<sup>are necessary</sup> for cultural knowledge of children. I think (music) we need in our life. Listen<sup>to</sup> music and enjoy it!
